

## Sacramento Load In Instructions

Sacramento is a one way street and can be accessed from Powell Street which is located on the backside of the hotel. Please drive up the hill to the last set of doors on the left of the building (closer to Mason), this is the employee entrance and loading dock. Please park in front of the loading dock and walk back to security (just a quick walk down a short hall). Let them know you are here to set up and indicate the name of the event. They will give you a visitors badge and will show you to the appropriate space.

Please note- This is an active loading dock and it is first come first serve. Once you are complete loading in, please move your vehicle immediately.

Tower Freight Elevators Dimensions: (HxLxD) are 7' x 7' x 4'10"
