# CAA PRESIDENT'S MESSAGE

## The Gathering of the Industry

ISC West is the behemoth trade show held in Las Vegas March 22-25, 2022 at the Sands convention Center.

I look forward to seeing you there as we kick off the event on Tuesday, March 22 with SIA/ISC's Got Talent at THE ROCKHOUSE in the Venetian at 8 p.m. Join us for hosted cocktails and the greatest singing talent the industry has to offer. The event is hosted by our sponsors and you can RSVP at [www.caaonline.org](http://www.caaonline.org).

You can get FREE show registration at [www.caaonline.org](http://www.caaonline.org) as well and I encourage you to register now.

The CAA Leadership Breakfast is opening day at the Venetian and members can register at 800-437-7658 or email to [info@caaonline.org](mailto:info@caaonline.org). The session will include the announcement of the 2022 CAA George A. Weinstock Award recipient.

The CAA Association Pavilion booth is in the lobby of the Sands and I encourage you to visit and get information on the latest trends and influences in the industry. We will have information on our National Training Program, government relations, news and professional development.

Our booth has plenty of seating, so stop by for a cup of coffee and meet your colleagues.

After ISC West, plan on attending the CAA Palm Springs Convention May 18-21, 2022 at the Hilton Palm Springs. A series of workshops aimed at your business growth and reports on industry trends will be delivered. Dealers are guests of the sponsors for golf, three hosted receptions and meals on Friday. Make plans now and register at [www.caaonline.org](http://www.caaonline.org).

I look forward to seeing you at ISC West and encourage your continued participation.

Michael J. Salk  
President

- Converts PoE to 12VDC and 24VDC simultaneously
- Power your access system from a single cable, reducing costs and increasing profits
- Built-in LiFePO4 battery charger

**YOUR LEADER IN POWER SOLUTIONS**

**CONSULT2022** Technical Security Symposium to be held October 28-31, 2022 in Nashville, TN announced that General (RET.) Stan McChrystal will be the event keynote speaker. The Keynote address will focus on essential dimensions of control that we can adjust at any given time to identify and address risk. Every attendee at CONSULT will receive a copy of the book, with a book signing to follow the Keynote. Qualified security consultants and engineers may register for the event with a registration code supplied by SecuritySpecifiers. Email [ray@securityspecifiers.com](mailto:ray@securityspecifiers.com) to obtain a code.

**SECURITY-NET, INC.**, a network of leading security system integrators welcomed Strategic Security Solutions, a commercial security integrator focused on providing security solutions to commercial entities, universities, critical infrastructure and healthcare facilities, to its membership.

Strategic Security Solutions joins as the 19th member company and marks a period of fast growth for the organization. Jay Slaughterbeck, chief executive officer of Strategic Security Solutions, will serve as the member representative for the company. "As true integrators, our goal is to solve problems, tighten security and streamline processes for our end-user customers," said Slaughterbeck. Founded in 2001, Strategic Security Solutions originated as a division of a structured wiring company called Strategic Connections. With 33 employees, Strategic Security Solutions primarily serves clients in commercial, university, healthcare, and critical infrastructure markets. "Strategic Security Solutions has worked

with many of our Security-Net partners over the years and the company is known for its focused perspective on security integration," said John Krumme of Security-Net. "We look forward to furthering this work and their contribution to our shared best practices."

Avi Lupo, co-president of **DICE CORPORATION**, announced that the company has increased its global footprint by adding six data centers outside the United States and Canada that are actively used to serve its growing interactive video and alarm monitoring clients overseas plus allow DICE to process web page applications locally and closest to its growing alarm dealer base in North America. The six data centers are supporting markets in Latin America, Europe, Asia, and expanded footprints in North America. "Having the additional data centers allows us to provide not only cloud services for those who do not want receivers on their site, but also backup and disaster recovery services, all on a global basis." said DICE Corporation President and CEO Cliff Dice. For more information visit [www.dicecorp.com](http://www.dicecorp.com) or call 989-891-2800.

**NAPCO SECURITY TECHNOLOGIES** welcomed Mark Miller as the new Regional Sales Manager for New England, and Paul Hoey, former RSM, as new systems applications support provider for the country. Miller, well-known in New England, comes to Napco with a successful track record and long-tenure in the region at a well-known area distributor, and prior to that held roles at two large dealers in MA and CA, respectively. Paul Hoey, a Napco industry icon will provide system configuration support and virtual technical help assistance for the growing number of Napco Systems Dealer nationally. New England Dealers, feel free to reach out to New Napco NE RSM, Mark Miller, for product introductions, training and assistance directly at [mmiller@napcosecurity.com](mailto:mmiller@napcosecurity.com) or cell 631-495-9485; or nationwide dealers can contact Paul Hoey for systems design/configuration help at 631-793-3672 or [phoey@napcosecurity.com](mailto:phoey@napcosecurity.com). To visit Mark in person, and see Napco's latest and greatest systems, connected services or cellular solutions, see NAPCO at Booth 12031, ISC West Las Vegas March 23-25, 2022.

**NAPCO SECURITY TECHNOLOGIES** is pleased to introduce the FREE "NAPCO StarLink FACP-Saver Calculator App" for Dealers' smart devices. The FREE StarLink Fire® Savings Calculator App will help show prospective enduser/customers their actual annual savings with StarLink cellular vs. copper POTS lines on their Fire Alarm Control Panels. It's easy! Napco's Free StarLink App is a real eye-opener and a guaranteed Sales Closer Tool a Company's whole sales team can carry right on the phone in their pocket, to help "redistribute" the monthly revenue that the phone company used to receive from copper leased landlines, into any savvy fire dealer or alarm company's bottom line, using StarLink Cellular. The App is downloadable today from Apple® or Google Store®, just search on "StarLink FACP Saver by NAPCO". For more on the new NAPCO StarLink FACP-Saver Calculator or on StarLink Fire 12V/24 Universal Cellular Solutions, including the StarLink \$100 Dealer Tradeup incentive on POTS or any brand radio accounts, visit [www.napcosecurity.com](http://www.napcosecurity.com) or contact NAPCO at 800-645-9445.

**CLARE CONTROLS** has kicked off the new year with its Winter Update that empowers users with greater system control, enhances security features, provides dealers with powerful new system management options and adds 10 new drivers for native integration of more 3rd-party peripherals than ever before. "Our goal is to consistently increase the value of ClareOne for our partners and homeowners with new features and support for third-party device integrations," said Clint Choate, Snap One Security Market Director. "Clare accomplishes this by providing consistent over-the-air updates, improvements, and new integrations to the Clare App, the ClareOne system, and Fusion Pro software."

**SDI** headlines Trutest for False Alarm Reduction. Although functional testing of smoke detectors is a fairly common practice, detector sensitivity testing is something that is often overlooked. While it is essential and easy to test the functionality of a smoke detector, there is more to be accounted for. The sensitivity of a detector can drift over time and can become problematic. Smoke detector sensitivity testing is more than just a precaution – Chapter 14 of NFPA 72 requires it. For this reason, it is imperative that a code compliant sensitivity tester be used for this purpose. Trutest conforms to all code requirements and is the world's most accurate and easy to use smoke detector sensitivity tester. By gradually introducing smoke to the detector's chamber, Trutest serves as a means of testing the functionality and sensitivity of a detector simultaneously. It is also battery operated and compatible with Solo access poles, allowing for easy reach of detectors on raised ceilings.

**WORKHORSE**, a full-scale back-office and communications solutions provider for the security industry, has announced the launch of its newest service, the Monitoring Center Server. The new software includes groundbreaking product enhancements and features specifically designed to give alarm companies the capability to interact with numerous third-party programs through a single API, saving companies months in development time and costs. "The team at WorkHorse was really great to work with,

## ASSOCIATES NEWS, continued

enabling us to quickly make available to our dealers some very powerful features that allow them and Monitoring Centers alike to streamline operations within the SecureCom Wireless Dealer Admin and Virtual Keypad software applications. ... We look forward to working more with Steve Hayes and the team at WorkHorse," says Mark Hillenburg, VP Marketing at DMP. To learn more about WorkHorse and all its solutions, including the Monitoring Center Server, visit [workhorsescs.com](http://workhorsescs.com).

**HAKIMO** announced the addition of Jason Wright as the new director of sales. The addition of Wright in this critical role will help Hakimo continue to build its sales team and expand the market reach for its AI software. Wright comes to Hakimo from Openpath Security, where he was part of the sales team during the company's startup phase until its recent sale to Motorola for more than \$300 million. "I'm excited to be working with Hakimo and to help bring to market an AI software solution that helps to solve complex problems faced by GSOCs," said Wright. "Hakimo2 has the unique ability to solve problems in the security industry

that many other solutions haven't been able to tackle."

**AIPHONE** has enhanced the IX Series PC Master Station Software and now offers two easy-to-use options to turn any personal computer into a feature-rich intercom. The IX-SOFT and IXW-MA-SOFT give customers the option to choose between a portable, plug-and-play USB dongle to activate individual personal computers or a multipurpose adaptor for a single PC, a group of five PCs, or a group of ten PCs. Since the adaptor uses inputs to send task commands to specific PC stations, it provides increased security by remaining in a secure location instead of physically at the station. This adaptor option is important for companies who do not allow the use of USB dongles on computers. "Whether the need is for simple management solutions or enterprise-level communication, the IX-SOFT series continues to be an easy-to-use and convenient option for all customers," said Brad Kamcheff, marketing manager, Aiphone.

**POTTERELECTRIC SIGNAL COMPANY** announced the release of the PAD200-PCD Photo/CO combo device. By combining multiple elements of fire detection (smoke and CO) into a single device, the PAD200-PCD smoke/CO detector reduces cost and installation time. The PAD200-PCD detector is compliant with UL 268, UL 2075, and UL 521 7th Edition. The PAD200-PCD detector uses high quality photoelectric smoke detection, and features drift compensation with a built-in dirty detector warning. The carbon monoxide sensing portion uses a proven electrochemical sensor for accurate detection of CO gas. The PAD200-PCHD incorporates both above elements with a proven thermistor for accurate and reliable heat detection. Visit [www.pottersignal.com](http://www.pottersignal.com) for more information.

## SACRAMENTO AREA ALARM ASSOCIATION

[www.saaaonline.org](http://www.saaaonline.org)

The SAAA has a long history of being the premier Association in Northern California since 1977. We are one of 11 Regional Chapters of the California Alarm Association. We have been credited with bringing the Annual Police and Fire Forums to the North State. We

earned notoriety for our River Boat Cruises and made history with the largest regional association event in Northern California with our Monte Carlo Night.

As we plan for the coming year, we need a fresh perspective that can pull us out of the doldrums of 2020 and 2021. People who can help us figure out how to have in person meetings again.

**Do you have the initiative? Please contact Tauni Wallace [tauni.wallace@honeywell.com](mailto:tauni.wallace@honeywell.com), Rich Whitlock [rich.whitlock@anixter.com](mailto:rich.whitlock@anixter.com) or Kent Brust [Brust@honeywell.com](mailto:Brust@honeywell.com) for more information.**

### Meeting Dates 2022

- March – Virtual Meeting – TBD
- June 9 – Golf Tournament
- September 21 – Virtual Meeting – Program Pending
- November 9 – Police Department Appreciation Lunch

By Elizabeth Courtney, OCAA President

This year the Orange County Alarm Association is focusing its efforts on recognizing our law enforcement partnerships. We are endeavoring to build stronger, real-life relationships with our law enforcement partners. We have much to learn about law enforcement issues and we have much to teach in return.

We are encouraging our Chapter members to initiate and cement relationships by meeting with their local law enforcement agencies. Consider simply dropping by the station unannounced with donuts, coffee, pizza or sandwiches. Shift changes present a unique opportunity.

For more information about OCAA activities, contact the OCAA office at 800-437-7658 or email [OCAAlarmAssoc@aol.com](mailto:OCAAlarmAssoc@aol.com). Visit our new website at [www.alarmassociation.org](http://www.alarmassociation.org) for meeting information and registration forms, training opportunities, members list and a whole lot more.

**SAN DIEGO**  
SECURITY ASSOCIATION

## SAN DIEGO SECURITY ASSOCIATION

[www.sdsaonline.org](http://www.sdsaonline.org)

**Matt Kruger, President**

### City of San Diego Permit Process

The San Diego Security Association and SIAC have been working cooperatively with the City of San Diego to assist with their fire alarm program, and now their burglar alarm program. The police are requesting alarm companies to submit their active burglar, panic and holdup alarm customer lists to the San Diego Police Department. The preferred method is to send your excel customer list electronically by email to Hilda Gonzalez-Reed at [hgonzalezreed@pd.sandiego.gov](mailto:hgonzalezreed@pd.sandiego.gov). If you have any questions, please contact Hilda Gonzalez Reed at [hgonzalezreed@pd.sandiego.gov](mailto:hgonzalezreed@pd.sandiego.gov) or 619-531-2247. Visit our website [www.sandiegosecurityassociation.org](http://www.sandiegosecurityassociation.org).

The San Diego Police Department Permits Division reminds all alarm companies that they are required to have a valid alarm permit for the premise being installed, prior to the installation of an intrusion or fire system. The alarm company is responsible for obtaining or verifying the existence of an existing alarm permit for the premise. For information, please contact SDPD Permits Division – Frank Dragula 619-531-2364 [Fdragula@pd.sandiego.gov](mailto:Fdragula@pd.sandiego.gov)

# Quick Reference Backup Power Guide

## for IP and HD Over Coax/Analog Security Solutions

Use the table below to find our recommended backup power protection options for the most common Analog and IP Security Solutions in the market today.

150W Power Load			
	GOOD	BETTER	BEST
UPS	EN350	ETR550LCD	ETR700LCD
Runtime*	17 min	23 min	28 min

300W Power Load			
	GOOD	BETTER	BEST
UPS	EN750LCD	ETR1000LCD	PRO750RT2U
Runtime*	13 min	19 min	21 min

500W Power Load				
	GOOD	BETTER	BEST	Ext. Runtime Options
UPS	ETR1000LCD	PRO1000RT2U	EXR1500RT2U	EXR1500RT2U w/1 BP36CRTXL
Runtime*	9 min	15 min	21 min	78 min

1100W Power Load				
	GOOD	BETTER	BEST	Ext. Runtime Options
UPS	n/a	PRO1500RT2U	EXR2000RT2U	EXR2000RT2U w/1 BP72CRTXL
Runtime*	n/a	10 min	17 min	49 min

\*Runtimes are estimated figures, and will vary based on conditions, age of batteries, and other factors

Security systems in the market today have one thing in common - **THEY CAN'T FUNCTION WITHOUT POWER.**

Minuteman's extensive experience in the Security market gives us unparalleled insight in the growing power demands from today's security devices and allows us to provide you with the best value and most reliable UPS solutions for protecting the systems you sell.

## 8th Annual SILSA Fire Symposium

March 31, 2022 7:15 am – 4:00

Embassy Suites by Hilton – Bellevue, WA

This is a must attend event where Fire Marshals and Alarm Dealers come together to update their knowledge and to work together to make the industry better by collaborating on information, procedures, and processes. Contact SILSANW1@outlook.com for more information.

### Update on the Washington Long Term Care Act

Gov. Jay Inslee has signed two bills, House Bill 1732 and House Bill 1733, which make changes to the WA Cares Fund (Long Term Care). The changes in House Bill 1732 enables near-retirees to qualify for partial benefits and delays the WA Cares Fund by 18 months, directing employers to begin withholding premiums starting July 1, 2023. House Bill 1733 will allow certain veterans with disabilities, spouses and registered domestic partners of military service members, workers on temporary nonimmigrant visas, and employees who work in Washington but live in a different state to opt out of WA Cares.

Employers should:

- Stop withholding WA Cares premiums from employee earnings.
- Reimburse employees for WA Cares premiums within 120 days of the date premiums were collected.
- Continue to maintain copies of exemption approval letters for workers who provided them.

### More Upcoming events 2022

The Utah Alarm Association invites all concerned professionals and other parties (Police, Fire, government, etc.) to join us for our monthly false alarm meeting, now in its 34th year.

We meet the third Tuesday of each month at Jim's Family Restaurant, 1728 Park Ave, Riverton, Utah 84065 at 8:30AM. We encourage all to come out for free breakfast and discuss false alarm reduction, industry standards, best practices, etc.

The Association is proud of our 2021 false alarm dispatch numbers. Our false alarm rate for residential dispatches is .08, that is one dispatch per system every 12.5 years. Our commercial false dispatch rate is .33, that is one dispatch every 3 years. Combined is .14 or one false dispatch every 7 years.

We look forward to your help as we work towards reducing our false alarm rate.

If you would like to sponsor one of these meeting or have questions about the association, please feel free to contact a member of the board.

George Gunning, USA Alarm Systems

**DIRECTOR**  
Richard Jimenez, IE Alarms

**DIRECTOR**  
Mathew Westphal, Bay Alarm Company

**DIRECTOR**  
Beverly Cramer, Instructor of Record

**DIRECTOR**  
Curtis Streeter, Deep Blue Integration

**DIRECTOR**  
Morgan Hertel, Rapid Response

### WBFAA UATC Apprentice Enrollment for Fall Semester Class Open

Member companies can register new apprentices anytime. If you will be hiring new apprentices or technicians, member companies are encouraged to send job postings to [info@wbfaa.net](mailto:info@wbfaa.net) and we will send to our list of qualified prospects. The WBFAA UATC is open to member companies of the CAA or CAFAA who require having registered apprentices with the State of California. Call the WBFAA UATC at 800-809-0280 if you are interested in joining.

### Certification – Fire/Life Safety Technician - Renewal

For Fire/Life Safety Technicians with 4,000 hours of work experience, the state law requires them to be certified by passing the state exam. The

renewal application is posted at [www.dir.ca.gov/das](http://www.dir.ca.gov/das) and the state does not send out reminders. For information on the Electrician Certification Program visit [www.dir.ca.gov/das](http://www.dir.ca.gov/das) and follow the links.

The WBFAA UATC has certification prep material available to member companies of the WBFAA UATC. If you are a member and would like the material, please contact the WBFAA UATC at 800-809-0280 or email [info@wbfaa.net](mailto:info@wbfaa.net).

### CSLB Enforces Zero Tolerance

The Contractors State License Board (CSLB) is legally required to open an investigation and initiate disciplinary action against the contractor (which may include license suspension or revocation) within 60 days of receipt of a referral or complaint from the Department of Industrial Relations' Division of Apprenticeship Standards (DAS). Labor Code Section 3099.2 stipulates that anyone who performs work as an electrician for C-10 Electrical contractors shall hold an electrical certification card issued by DAS; DAS is required by Labor Code Section 3099.2 to report violations to CSLB. Learn more about electrician certification by visiting the Division of Apprenticeship Standards website. [www.dir.ca.gov/DAS/ElectricalTrade](http://www.dir.ca.gov/DAS/ElectricalTrade)

### WBFAA UATC Offers Online Continuing Education

The WBFAA UATC is offering an online continuing education program for electronic security systems technicians with more than 50 hours of course offerings. Registered technicians with member companies will have access to 18 hours of online courses annually at no fee. In addition, registered technicians will have access to courses offered in physical classrooms and can submit third-party training for certification for renewal of the state Fire/Life Safety Certification card. For more information, visit [www.wbfaa.net](http://www.wbfaa.net) or [www.wbfaatraining.net](http://www.wbfaatraining.net).

### WBFAA UATC Invites Membership

Assented member companies register all fire alarm technicians in the program and pay a monthly fee of \$25 per technician. The apprentice program and course, prep material for certification and continuing education courses are provided at no additional fee. In addition, member companies who contribute to public works training trust funds to the WBFAA receive a \$.15 per hour credit for registered technicians. For complete information, visit [www.wbfaa.net](http://www.wbfaa.net) or call the WBFAA UATC at 800-809-0280.
