Georgia Leadership Role Leads John Loud to Receive Moody Award

The William N. Moody Award will be presented to John Loud at the 2022 ESX – Electronic Security EXPO SIAC Breakfast at the Fort Worth, TX Convention Center on Friday June 17. The Security Industry Alarm Coalition (SIAC)

Moody Award is given annually to an individual who demonstrates a passion for advancing alarm management initiatives and persevering in the face of adversity.

John took a leadership role as Vice President of the Electronic Security Association (ESA) and President of LOUD Security to encourage Georgia Governor Brian P. Kemp to sign and the Georgia legislature to pass a bill that bans counties and municipalities from passing customer alarm fines to the alarm dealer for payment. This

groundbreaking legislation came in response to the decision by the city of Sandy Springs to bill alarm companies for their customers fines.

John's leadership roles in ESA and the Georgia Electronic Life Safety & Systems Association (GELSSA) demonstrate a career-long commitment to helping our industry protect life and property through cooperation with public officials and public safety organization. The successful passage of the Georgia legislation demonstrates his commitment and effectiveness in these endeavors.

Loud was delighted with the recognition, and said when notified, "...It is important to note that this was a group effort by dozens of committed individuals in our industry and the state legislature who helped make sure that common sense prevailed in Georgia. Our industry needs to continue to support our state and local alarm associations as well as SIAC so that we are ready to work with any community that wishes to reduce unnecessary dispatches with a proven model and experts ready to assist."

The William N. Moody Award was established in 2004 by the SIAC Board of Directors to recognize those who embody Bill's dedication to alarm management issues. The award honors individuals who reflect attributes that include integrity, fairness and perseverance in the face of adversity.

CAA PRESIDENT'S MESSAGE

Hello All,

Many of you have recently returned from the ISC West show in Las Vegas. I hope that you enjoyed the show as much as I did. Attendance was up to near pre-Covid days and the Exhibit Hall was buzzing with energy and excitement.

At the CAA Leadership Breakfast, we proudly introduced the next CAA GEORGE WEINSTOCK LIFETIME ACHIEVEMENT AWARD recipient – CHUCK PETRUSHA. He will be presented with his award at the CAA Winter Convention November 30- December 3, 2022 at the Fairmont in San Francisco. (We extended our annual contract with the Fairmont through 2026.)

We are busy gearing up for a robust CAA Palm Springs Convention May 18-21. The agenda is filled with interesting and educational speakers, meetings and workshops. And there is time for relaxing and socializing as well. One of the highlights of this convention is announcing the CAA Scholarship Winner – THANK YOU SCHOLARSHIP COMMITTEE! We will be sharing updates on Legislative issues that will be affecting you and your businesses – THANK YOU GOVERNMENT AFFAIRS COMMITTEE! And, THANKS to our TECHNOLOGY COMMITTEE for providing valuable content for their workshop.

So, board a plane, train, or bus and come to see us!

SEE YOU IN PALM SPRINGS!!!

JONARD TOOLS has introduced one of the most unique tools any CATV, VDV, or Satellite installer can have in their toolboxes, the Extra Force F Connector Tool, 12" (RFX-12). This specialized tool is designed to help installers access F connectors in narrow spaces or high-density locations where cables may be twisted, bent, or have become corroded, making them extremely difficult to remove. The RFX-12 is specifically designed with a heavy-duty socket welded using premium materials to withstand high amounts of force and torque. Its handle is ergonomically designed for comfort and features a nut at the base to provide increased leverage. Founded in 1958, Jonard Tools® manufactures tools for the Telecom, CATV, Fiber Optic, Home Automation, Security & Alarm, and Electrical markets. Jonard Tools designs and engineers patented products by utilizing customer partnerships to create innovative solutions for industry needs. New tools are released each month and are all Made For Life® with lifetime warranties. Visit www.Jonard.com for more information.

SNAP ONE today extended its Partner support with the announcement that it has formed partnerships with Azione, HTSA, HTSN and Prosource as a key part of its long term strategy to help dealers succeed. According to Greg Simmons, Snap One Vice President of Industry Partnerships, all four partnerships help the company to support more Partners, and ensure products are available through whatever procurement channels they prefer. "Buying groups provide unique benefits to Partners, and we are excited to now be a part of all four major CEDIA U.S. organizations," Simmons said. The buying groups represent nearly 1,300 top-performing integrators, making them important partners and an integral part of the company's marketing strategy.

SAF-COM SUPPLY welcomes Ivy Kiyomura as our Northern California Business Development Manager. With more than 17 years of fire life safety industry experience, Ivy began her career as the Marketing Coordinator for Hochiki America, then moved to the Western and Southwest Regional Manager positions for SDi and inspection equipment. She recently held a seat as a board director for the California Automatic Fire Alarm Association (CAFAA) and currently chairs the Membership & Conference committees as an active CAFAA member. She will support our existing Northern

California customer base and will also grow our national business respectively. Customers now have a local contact in the Northern California and across the nation for their fire life safety equipment needs as well as support with submittals, design and drafting of fire alarm and BDA systems.

VICON was recognized by the Security Industry Association (SIA) as an award winner at the 2022 SIA New Products and Solutions (NPS) Awards, a flagship program presented in partnership with ISC West. Vicon was selected as the 2022 Honorable Mention in the Video Surveillance Cameras category for the company's innovative Roughneck Pro 32MP Multi-Sensor Camera and was honored on March 23 during an award ceremony on the ISC West show floor. "We are pleased to be honored by SIA for our Roughneck Pro 32MP Multi-Sensor Camera. Our solution helps address many pain points within the industry. This recognition solidifies the value of our technology and position as an innovator," said Bret McGowan, Senior Vice President, Sales and Marketing. To learn more about Vicon or the availability of our technologies, email sales@vicon-security.com.

OPENEYE has introduced a family of analytics-enabled cameras capable of detecting person, vehicle and line-crossing video events. The cameras are available in multiple form factors and resolutions and combine the analytics capabilities with OpenEye Web Services (OWS) to receive real-time alerts and streamline video event search. "We are excited to offer our own line of analytics cameras and give our customers the opportunity to add analytics to more of their deployments and use that new data to create more actionable intelligence and reduce false positives," says Ian Siemer, OpenEye's vice president of product management. "The benefits of video analytics are clear. We want to provide users an end-to-end camera analytics solution from OpenEye, that they know will work seamlessly with the platform."

SNAP ONE launched a new, consolidated Partner Rewards program that awards points for every purchase online and in official Snap One Partner stores. The program features five levels, providing incredible benefits like progressively larger discounts, free shipping, expedited gear replacement, premium tech support and even access to exclusive partner events. The new Partner Rewards program awards Snap One Partners with one point per dollar on third party Snap One distributed products, two points per dollar for one tier of Snap One manufactured products, and three points per dollar for the second tier of Snap One manufactured products. A complete breakdown of the rewards earned by brand and product type is available at www.snapav.com.

ADI GLOBAL DISTRIBUTION announced it will unify its Pro AV products distribution offering under the ADI Global Distribution brand. Following the integration of its newly acquired Shoreview Distribution business, ADI will integrate its Herman Pro AV business this spring. Herman Integration Services (HIS), the AV labor subcontracting services, will retain its brand and continue to serve as a value-added service available through ADI. "We identified Pro AV as a growing category for ADI and our customers, and we continue to make significant investments to broaden our reach and strengthen our market position," said Cynthia Menna, vice president and general manager, Pro AV at ADI. "Unifying under one solid brand and providing a central source for our Pro AV products portfolio will make it easier for customers to leverage ADI's scale and resources to fuel new growth." SD MARKETING appointed Daniel DeBlasio as Director of Business Development. The appointment fortifies and supports the company's expanding services amid the development of the exclusive 50-50-30 Program. "I am excited to be a part of the SD Marketing team as the Director of Business Development. I was drawn to the group for its fervent commitment to the security industry," DeBlasio commented. "I'm looking forward to working with the entire team to build onto the current momentum and create a successful future." DeBlasio brings over 20 years of experience successfully collaborating and delivering innovative technology products and solutions to the market. "We are excited to welcome Dan to this key role at SD Marketing as we continue to expand," said David Morgan, Co-Founder, SD Marketing. "Dan's personal philosophy of providing superior client care and his ability to relate to people make him a perfect cultural fit for our team."

TMA Expands Educational Offerings

The Monitoring Association (TMA) has greatly expanded its online library of education and training courses offered on its Learning Management System (LMS) at TMATraining.org. More than 75 hours of course work have been added because of a formal collaboration with SecurityCEU.com. Topics vary widely and include customer service; sales; access control; IP video; IP networking; perimeter security detection; troubleshooting; writing effective incident reports; wireless technologies; cyber and cloud security; effective communication; alarm science; project management; and more. Additionally, TMA will now offer the National Training Program (NTP)'s Field Service Technician (FST) program in cooperation with the California Alarm Association (CAA) and Syncomm Management Group, Inc.

our members achieve success. With the addition of these valuable courses, TMA is in a much stronger position to equip its members with the knowledge and abilities to grow and excel in today's competitive marketplace. It's an exciting time."

These new additions join TMA's existing thirteen (13) online operator

training modules on topics ranging from leadership, customer service, and call handling to cybersecurity, false alarm management, and standards that make up the Monitoring Center Operator Online Level 1 and Level 2 courses.

"We are delighted to bring our rich content, approved at the national and state level for license compliance to TMA. CMOOR has worked with TMA for almost 18 years in one capacity or another. This was a natural progression of our already strong relationship, where the members and TMA as an organization will benefit," remarked Connie Moorhead, president, The CMOOR Group, the owner and operator of SecurityCEU.com.

"We are proud to partner with The Monitoring Association to present foundational training to their members in advancement of their core mission," said Jerry Lenander of the National Training Program. "The Field Service Technician curriculum is a comprehensive offering that reflects the changing technology in the industry."

By Elizabeth Courtney, OCAA President

This year the Orange County Alarm Association is focusing its' efforts on recognizing our law enforcement partnerships. We are endeavoring to build stronger, real-life relationships with our law enforcement partners. We have much to learn about law enforcement issues and we have much to teach in return.

We are encouraging our Chapter members to initiate and cement relationships by meeting with their local law enforcement agencies. Consider simply dropping by the station unannounced with donuts, coffee, pizza or sandwiches. Shift changes present a unique opportunity.

For more information about OCAA activities, contact the OCAA office at 800-437-7658 or email OCAAlarmAssoc@aol.com. Visit our website for meeting information and registration forms, training opportunities, members list and a whole lot more.

Matt Kruger, President

City of San Diego Permit Process

The San Diego Security Association and SIAC have been working cooperatively with the City of San Diego to assist with their fire alarm program, and now their burglar alarm program. The police are requesting alarm companies to submit their active burglar, panic and holdup alarm customer lists to the San Diego Police Department. The preferred method is to send your excel customer list electronically by email to Hilda Gonzalez-Reed at hgonzalezreed@pd.sandiego.gov. If you have any questions, please contact Hilda Gonzalez Reed at hgonzalezreed@pd.sandiego.gov or 619-531-2247. Visit our website www.sandiegosecurityassociation.org.

The San Diego Police Department Permits Division reminds all alarm companies that they are required to have a valid alarm permit for the premise being installed, prior to the installation of an intrusion or fire system. The alarm company is responsible for obtaining or verifying the existence of an existing alarm permit for the premise. For information, please contact SDPD Permits Division – Frank Dragula 619-531-2364 Fdragula@pd.sandiego.gov

The Utah Alarm Association invites all concerned professionals and other parties (Police, Fire, government, etc.) to join us for our monthly false alarm meeting, now in its 34th year.

We meet the third Tuesday of each month at Jim's Family Restaurant, 1728 Park Ave, Riverton, Utah 84065 at 8:30AM. We encourage all to come out for free breakfast and discuss false alarm reduction, industry standards, best practices, etc.

The Association is proud of our 2021 false alarm dispatch numbers. Our false alarm rate for residential dispatches is .08, that is one dispatch per system every 12.5 years. Our commercial false dispatch rate is .33, that is one dispatch every 3 years. Combined is .14 or one false dispatch every 7 years.

We look forward to your help as we work towards reducing our false alarm rate.

If you would like to sponsor one of these meeting or have questions about the association, please feel free to contact a member of the board.

WBFAA UATC Apprentice Enrollment for Fall Semester Class Open

Member companies can register new apprentices anytime. If you will be hiring new apprentices or technicians, member companies are encouraged to send job postings to info@wbfaa.net and we will send to our list of qualified prospects. The WBFAA UATC is open to member companies of the CAA or CAFAA who require having registered apprentices with the State of California. Call the WBFAA UATC at 800-809-0280 if you are interested in joining.

Certification – Fire/Life Safety Technician - Renewal

For Fire/Life Safety Technicians with 4,000 hours of work experience, the state law requires them to be certified by passing the state exam. The renewal application is posted at www.dir.ca.gov/das and the state does not send out reminders. For information on the Electrician Certification Program visit www.dir.ca.gov/das and follow the links.

The WBFAA UATC has certification prep material available to member companies of the WBFAA UATC. If you are a member and would like the material, please contact the WBFAA UATC at 800-809-0280 or email info@wbfaa.net.

CSLB Enforces Zero Tolerance

The Contractors State License Board (CSLB) is legally required to open an investigation and initiate disciplinary action against the contractor (which may include license suspension or revocation) within 60 days of receipt of a referral or complaint from the Department of Industrial Relations' Division of Apprenticeship Standards (DAS). Labor Code Section 3099.2 stipulates that anyone who performs work as an electrician for C-10 Electrical contractors shall hold an electrical certification card issued by DAS; DAS is required by Labor Code Section 3099.2 to report violations to CSLB. Learn more about electrician certification by visiting the Division of Apprenticeship Standards website. www.dir.ca.gov/DAS/ElectricalTrade

WBFAA UATC Offers Online Continuing Education

The WBFAA UATC is offering an online continuing education program for electronic security systems technicians with more than 50 hours of course offerings. Registered technicians with member companies will have access to 18 hours of online courses annually at no fee. In addition, registered technicians will have access to courses offered in physical classrooms and can submit third-party training for certification for renewal of the state Fire/Life Safety Certification card. For more information, visit www.wbfaa.net or www.wbfaatraining.net.

WBFAA UATC Invites Membership

Assented member companies register all fire alarm technicians in the program and pay a monthly fee of \$25 per technician. The apprentice program and course, prep material for certification and continuing education courses are provided at no additional fee. In addition, member companies who contribute to public works training trust funds to the WBFAA receive a \$.15 per hour credit for registered technicians. For complete information, visit www.wbfaa.net or call the WBFAA UATC at 800-809-0280.

SERVE YOUR COMMUNITY AND HELP PROTECT CALIFORNIA CONSUMERS!

BSIS seeks industry members and the public to serve on
Disciplinary Review Committees

INDUSTRY VACANCIES:

(must hold a valid BSIS license)

- Alarm company operator
- Collateral recovery
- Private investigator
- Private security services—training instructor (Northern Region)

PUBLIC VACANCIES:

- Alarm company operator
- Private security services (Northern Region)
- Private security services (Southern Region)

WHAT'S A DRC?

Disciplinary Review Committees (DRCs) are comprised of five members, appointed by the governor, with three members actively engaged in business as licensees and two members from the general public who are interested in public safety. DRCs are established to consider appeals regarding the Bureau's denials, suspensions, and revocations of licenses under its purview, as well as the assessment of administrative fines.

WHO CAN APPLY?

Applicants must be interested in public safety, be able to utilize objective critical thinking skills, and attend meetings consistently and punctually. Californians from all backgrounds are encouraged to apply!

WHY SHOULD I SERVE?

Serving in a DRC gives licensees a chance to lead, influence, and enforce their industry standards. For members of the public, getting involved in a DRC is a great way to learn more about consumer protections, serve your community and your state, and build your resume!

WHAT'S THE COMMITMENT?

Members serve a two-year term at the pleasure of the governor. Depending on the needs of the specific committee, meetings are held 2–12 times per year. Pursuant to Business and Professions Code Section 103, appointed members shall be paid a per diem of \$100 and shall be reimbursed for travel expenses.

READY TO LEARN MORE?

For further info about the Bureau's Disciplinary Review Committees, to sit in on a public hearing, or to learn how to apply, visit https://bsis.ca.gov/about_us/disciplinary_review_committees.shtml or email Alyse Hutchinson at Alyse.Hutchison@dca.ca.gov.
